Subject: Request to Meet

Dear Mr. Ludder,

Thank you for your January 2022 letters regarding human health water quality criteria for toxic pollutants in Florida and Alabama. I have discussed your letters with my counterpart in EPA Region 4, Jeaneanne Gettle, and we both would like to meet with you to discuss the important issues you raised. We plan to include staff from our respective offices, as well as staff from our Office of General Counsel. We currently have the following times available (all times Eastern):

March 15, 9-10am
March 15, 3-4pm
March 16, 11am-12noon

Please let us know your availability at your earliest convenience.

Respectfully,
Deborah

Deborah G. Nagle, Director
